Sir:

Before examination of the above-identified application, please amend
application as follows:

RECEIVED
99 MAR -9 AM 8:44
GROUP 2705

IN THE CLAIMS:

Please AMEND the claims as follows:

1. (ONCE AMENDED) A system for managing resources [including windows, objects, and data] among groups of workers that carry out jobs [by] using computers, said system comprising:

2. a resource [managing means for managing] manager that manages resources allocated to each [of the groups]group, each resource being further allocated for use by workers of the group in performing a corresponding job to be carried out by the group;

3. a job [monitoring means for monitoring] monitor that monitors the jobs carried out by the groups, maintains [and maintaining] the security of the resources allocated to the groups, and for a first group inhibits access to the resources thereof from another group to which permission to use the resources of the first group is not allocated; and
